BUKHARA DAVLAT UNIVERSITATI  
TIRUVCHHI-2025  
DIPLOM TOPSHIRISH MAROSIN

**Dear colleagues, students!**

The year 2025 has been a year of new achievements, significant reforms, and remarkable successes for us. Bukhara State University has achieved substantial progress in educational processes, scientific activities, and international cooperation. Currently, the university operates with 8 faculties and 34 departments, offering a total of 119 educational programs and specialties. This academic year, the number of our students has exceeded 20,537, representing various fields of study. This once again reaffirms our university's status as a key center of knowledge and education.

In 2025, special attention was given to improving the quality of education. A total of 155 textbooks and 202 teaching manuals were developed, and new educational programs were introduced. Additionally, the integration of modern technologies into the educational process continued, with expanded opportunities for distance learning platforms. Over 11,256 services were provided to our students, marking an important step in optimizing the educational process.

We also achieved significant results in the field of science and innovation. In 2025, university faculty members published 250 articles in internationally indexed databases, further strengthening our scientific potential. Major achievements were made in the commercialization of scientific developments, with several successful startup projects implemented. Furthermore, thanks to our advancements in international collaboration, the university has solidified its position in rankings such as QS and GreenMetric.

Looking ahead, we are committed to nurturing highly qualified professionals, leading in scientific research, and expanding the scope of international partnerships. The work accomplished at our university today lays a solid foundation for societal development. These achievements are the result of our collective efforts, and I extend my deepest gratitude to each of you..

Rector of Bukhara State University, **Obidjon Khafizovich Khamidov**

## BukhsU in International Rankings

QS Asia Ranking 851-900

QS Central Asia Ranking 61

## 1930

On September 5, according to the decision of the Council of People's Commissars of the Uzbek SSR No. 146, the Bukhara Pedagogical Institute was established.

In the initial years of the existence of this educational institution, there were only two departments - historical-social and chemical-biological, with a total of 45 students.

By 1935, BukhPI had a 2-year institute for teachers and five departments, which were later transformed into faculties. Prominent scientists such as A. Fitrat, M. Salikhov, M. Saidzhanov, B. Chupanzade, I. Kozhin, F. Trudakov, P. Korolenko, N. Merkulovich, V. Abdullaev, G. Yusupov, and others made a significant contribution to the prosperity of this institute.

## 1992

In 1992, the Bukhara Pedagogical Institute was transformed into a university and became Bukhara State University.

# Bukhara State University

# Joint Learning Programs

International Cooperation

2nd place in the republic in terms of the number of EU projects

One of the leading universities in the Republic

Exclusive offers on the certification of foreign languages

Unified franchising agreement for Central Asia

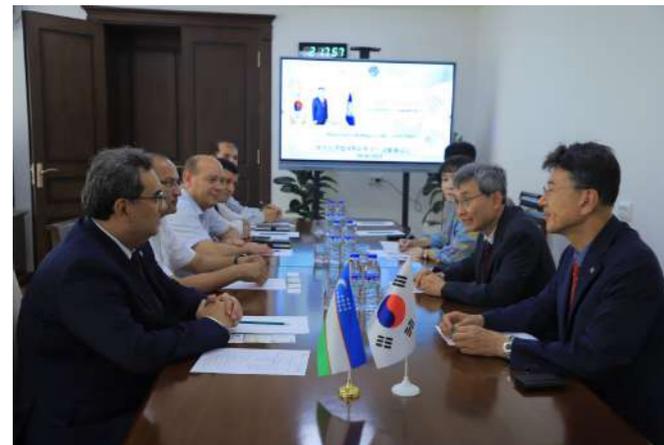

BukhSU admitted its first foreign students in 2017. Many of them have now become highly qualified specialists, world-class scientists, businessmen, and entrepreneurs.

The university has a club for foreign alumni who continue to collaborate with BuKhGU. The university provides extensive opportunities for education, qualification enhancement, and internships abroad within the framework of academic mobility programs. The exchange of students and staff with foreign educational institutions from more than 40 countries is carried out based on international inter-university and intergovernmental agreements, as well as within the framework of international programs and projects.

Today, BukhSU is a participant in more than 10 international educational and scientific projects within programs such as:

- the European Union (5th Framework Program, "Horizon 2020," "Erasmus+," "Jean Monnet," and others), UNESCO, UNFPA,
- the Council of Europe,
- the German Academic Exchange Service (DAAD),
- cooperation programs with EURASIA (Norway), and others.

Every year, BukhSU sends over 100 employees and students abroad to participate in international events, undergo training and internships, and conduct research in countries such as France, Germany, Poland, the Czech Republic, Russia, and others.

BukhSU actively collaborates with several international university networks and associations. Since 2010, the university has been a member of the European University Association.

As part of international projects with foreign partners, BuKhGU modernizes educational programs, creates innovative elements of educational infrastructure, and adapts advanced international experience in teaching and learning in areas such as:

- tourism,
- information technology,
- psychology,
- hotel management, and others.

BukhSU actively implements joint educational programs with foreign partner universities for the training of specialists of I/II levels of higher education, resulting in the issuance of dual degrees. Universities from countries such as Indonesia, Russia, Bulgaria, and Israel participate in these programs. Representative offices of international organizations and centers operate on the basis of BukhSU:

- Japanese Center
- Korean Center
- Indian Center, and Chinese Center.

BukhSU has more than 220 agreements on cooperation with foreign universities, scientific, and commercial organizations from over 40 countries

Over 2,200 foreign students from 30 countries have studied at BukhSU

Throughout its almost century-long history, BuKhSU has graduated over 50,000 alumni

More than 30 renowned foreign scientists and politicians hold the title of Honorary Professors at BukhSU

Approximately 100 international scientific and practical events (conferences, seminars, etc.) are held annually at BukhSU

Students at BukhSU implement over 150 youth projects annually

There are 10 youth organizations and student self-government bodies

6 creative groups

121 creative associations and clubs

30 sports sections

Over 100 groups for sports improvement
