...Ertalab men,choydan keyin otni minib jarga jo'nayman. Jarda tollar,qayrag'ochlar to'la.Jimjit. Otni sug'orib tursam, to'satdan dahshatli miltiq sadolari yangraydi. Bu nima bo'ldi? Yangi shahardamikan? Sadolar yaqindan yangraydi. Jardan chiqqanimda miltiq ovozlari kuchayadi. Ot choptirib bir zumda guzarga yetib kelaman. Baqqollar, samovarda o'tirgan odamlar hayron bo'lib, bir-birlariga qaraydilar: "Nima g'avg'o?" Uyda darrov otxonaga otni bog'lab chiqaman.

Abstract

This article conducts a linguacultural analysis of toponymic (place names) and anthroponymic (personal names) units in Ray Bradbury's *The Martian Chronicles*. The study explores how Bradbury's naming strategies reflect broader themes of colonization, cultural identity, historical memory, and sociopolitical tension. Toponyms are categorized into indigenous Martian names, Earth-based colonial names, and hybrid forms, each carrying distinct linguistic and cultural connotations that mirror the confrontation between native heritage and human intrusion. Similarly, the analysis of anthroponyms highlights how personal names encode character traits, cultural origins, and thematic roles, revealing the ideological dimensions behind Bradbury's characterization. Through a qualitative linguacultural approach, the research demonstrates how names in the novel function as markers of power, nostalgia, resistance, and adaptation. By interpreting these linguistic choices within a comparative

of colonization, cultural identity, historical memory, and sociopolitical tension. Toponyms are categorized into indigenous Martian names, Earth-based colonial names, and hybrid forms, each carrying distinct linguistic and cultural connotations that mirror the confrontation between native heritage and human intrusion. Similarly, the analysis of anthroponyms highlights how personal names encode character traits, cultural origins, and thematic roles, revealing the ideological dimensions behind Bradbury's characterization. Through a qualitative linguacultural approach, the research demonstrates how names in the novel function as markers of power, nostalgia, resistance, and adaptation. By interpreting these linguistic choices within a comparative cultural framework, the study uncovers the deep interrelation between language, identity, and the process of colonization in speculative fiction.

МЕНИНГ ҲИКОЯМ

10-синфни битираётган кунимизда бейсбол таёқчаси юзимга кучли зарб билан урилган. Синфдошим тўпни уриш учун таёқчани қаттиқ снатаганда, таёқча унинг қўлидан сирғалиб чиқиб тўғри мен томонга учиб келди ва пешонамга урилди. Уша зарб еган онимни қанузгача эслай омайман.

Таёқча юзимга куч билан урилаганидан у бурнимни мажақлаб ташлади. Зарба таъсирида миёмдаги юмшоқ тўқималар бош суягимнинг ички деворига куч билан урилди. Натижада бошимда шишлар пайдо бўла бошлади. Бир сония ичида бурним синди, бош суягим бир неча жойдан дарз кетди, иккала кўз косам ҳам дабдала бўлганди.

Кўзимни очганимда одамлар менга хавотир билан қараб турар, баъзилар эса ёрдамга чақириб югуриб юрар эди. Уст-бошимга қараб кийимимдаги юнза доғларга кўзим тушди. Синфдошларимдан бири футболчасини ечиб, менга узатди. Мен у билан синган бурнимдан оқаётган юнни тўхтатмоқчи бўлдим. Зарбадан эсанкираб қолганим сабабли жароҳатим нақадар хавфли эканини англамас эдим.

Ўқитувчим елкамдан ушлаб олди ва мени ҳамширанинг хонасига олиб кетди. Биз узоқ йўл юриб спорт майдончасидан ўтдик, сўнг тепалиқдан пастга тушдик ва мактаб биносига бордик. Хотаниш қўллар у ер-бу еримдан тутиб, тик туриб юришимга ёрдам берарди. Шошилмасдан, секин юрардик. Ҳар бир сония танимат экани ҳеч кимнинг хаёлига ҳам келмади.

Ниҳоят, ҳамширанинг хонасига етиб бордик ва у мени текшириш учун қатор саволлар берди.

– Ҳозир нечанчи йил?

– 1998, – дедим жавоб бердим. Аслида, ушанда 2002 йил эди.

– АҚШ президенти ким?

– Билл Клинтон, – дедим мен. Тўғри жавоб Жорж Буш эди.

– Онангизнинг исми нима?

– Ҳалиги... – дедим ўйлашиб қолдим. Орадан 10 сония ўтди.

Кейин эса ўз онамининг исмининг эслаш учун 10 сония кетганига парно қилмагандек, “Патти” деб жавоб қайтардим.

Бу эсимда қолган охириги савол бўлди. Миёмдаги шишлар тез қўпаяётганди. Мен унга ортиқ бардош бера олмадим ва тез ёрдам машинаси етиб келгунча ҳушдан кетиб қолдим. Тез орада мени яқин атрофдаги шифохонага олиб боришди.

Шифохонага қабул қилинганидан сўнг танам ишлашдан тўхташни бошлади. Нафас олиш ва ютinish ҳам қийинлашди. Ҳаётимда биринчи марта тутқаноқ тутди. Сўнг умуман нафас оломай қолдим. Шифокорлар мени кислород билан таъминлашга уринаётган пайтда мени бу шифохонада даволаш учун етарли ускуналар йўқлигига кўзи етди. Улар мени Цинциннатидаги каттароқ шифохонага жўнатиш учун вертолёт чақирди.
